

TECHIE KIDS CLUB

Coding + Robotics Enrichment

Techie Kids Club is coming to your area! Our fun, educational robotics and coding enrichment program is brought directly to your school—no extra staff, materials, or training required!

PROGRAM OVERVIEW

- We offer both parent-pay and school pay options.
- Enrichment classes are held at your school, once a week by our certified Enrichment Coach, trained in our STEAM curriculum.
- Classes are 30- 45 minutes long and accommodate up to 12 children.
- Coaches are certified and background checks are provided.
- We provide the materials, including devices, tech tools, and robots!

DEMO DAY GUIDE

- We'll provide flyers, posters, and signs ahead of Demo Day to help you promote your new enrichment program.
- On Demo Day, our Coach arrives 15 minutes early to meet your team and set up materials.
- Take photos during the demos to share with families. Parents *LOVE* that their child is learning to code!
- Stickers and flyers are sent home with students after the class.

HOW SIGNUP WORKS

- For parent-pay options, Your school is listed on our website; families register and pay for the program securely there.
- Registration is rolling, new students can join a class at any time.
- For parent-pay options, parents manage their enrollment, including the option to pause or cancel registrations on our website.
- When a class is filled, our coach will help you schedule more.
- We'll send regular updates to your families about what the children are learning in class, resulting in thrilled families and thriving students!
